Address
Central South University
Changsha, Hunan, China
410075

Xu Wei
Logistics Engineering

Research Interests
Vehicle Routing Problem
Metaheuristics
Exact Solution Method

Education

09.2018 – Present, Central South University
MEng in Logistics Engineering
Main Cources: Advanced Engineering Methematics
Advanced Operation Research
Traffic Network Equilibrium Theory

09.2014 – 07.2018, Central South University of Forest and Technology
B.E. in Logistics Engineering   Grade: 87.21%

Awards

2016, The Second Prize of CUMCM
Contemporary Undergraduate Mathematical Contest in Modeling

2018, The Award of Outstanding Graduates
Central South University of Forest and Technology

Tech Skills

Programming Languages
C++   VRP, GUI with Qt Framework
Python   Spider, sklearn
Java   Cplex API Language
MATLAB Scientific Computing

Database
MYSQL   **SQLIte**   **SQL Server**

Tools
LaTeX   **Illustrator**   **Photoshop**

Personal Work

03.2018 – 05.2018, Undergraduate Graduation Design
Design and Implementation of Regional Bicycle Dispatching System for Shared Bicycles
- establishes a mathematical model for Vehicle Routing Problem;
- designs a Genetic Algorithm for the model;
- codes in C++ language and implements GUI with Qt Framework;
- stores and queries data with MYSQL.
